

What if it is our responsibility to bring the world into peace?

In Summary:

What if we choose to take responsibility?

What if we choose not to judge or condemn another regardless of circumstances?

What if we remove all conditions that we may have to love another unconditionally?

What if we forgive from our heart and not our intellect – actually feel the compassion for another?

What if we take the responsibility to forgive – what if we don't pray the prayer that puts forgiveness on to God but WE as SONS and DAUGHTERS of God release forgiveness.

KEY: What if we forgive ourselves? Remember Nelson Mandela's words? You can never have an impact on society if you have not changed yourself. Deal with anything in you that cooperates with the darkness first!

When we choose Peace, we then become the Light that shines in a dark place.

Darkness cannot overcome Light. Think of the darkest place - No matter how dark a place is, whether it is a flicker or a bonfire, light dispels darkness.

Jesus said – I am the Way, the Truth the Light –

Understanding that it is Christ in us – the hope of glory, - we become the Light in a dark place.

When we set our desire for PEACE it becomes the Light in that darkness.

What if we see ourselves releasing this PEACE – emotionally engaging in the act of that purpose? Remember – e-motion is our energy in motion.

The Light is lit.

WHAT IF? CHALLENGE –

There are about 70 of us in this 12 week What if? Challenge

If 70 of us spend time in meditation – no formal method – simply being quiet and releasing PEACE FROM OUR HEARTS.

When, we simply, within our heart and mind, purposefully create our desire and see Peace become our reality; when feel the compassion toward others and gratitude to God, as we release it to God we trust for the manifestation – the challenge becomes the change!

**Understand that it is our thoughts and emotions that create
our heart's desire and that desire is PEACE!
NOTHING MISSING – NOTHING BROKEN.**

Releasing PEACE as an energy from our heart, allows God to create a force that is stronger than anything this world's weapons can do. It is a mystery but one that we can trust to the Creator.

We don't need a program or a special time – we don't have to do it together all at once - because in Christ we operate from outside of our linear time. Whenever you set your heart to release peace to a purpose, anytime day or night, it joins in the Universal Consciousness in Christ.

Simply become the light – send the light

Part B of this Challenge. . . .

What if for the next 2 weeks we agree to send this Challenge to one person and encourage the person to whom you send it, to send it to challenge another if they are willing?

We will make this recording and PDF available publicly –
this time only on

Kymwhitman.com and theriver474.com.

Kym and I believe that this a critical time Globally. We want to set the challenge to reach beyond what possibly one group is capable.

We believe with all our heart that we are the change agent that this world is waiting for.

So . . . What if 70 people share this with only 1 person?

If that person is inspired and joins, it will release PEACE from 140 people who agree.

When 140 people meditate and share with one person – 280 people are now releasing PEACE.

When those 280 people invite 1 person each to the Challenge – 480 release PEACE.

Each day for two weeks each person invites one person who is added from the group – on the 14th day 573,344 – if we add one more day – the 15th day - it is possible that we would have a group of one million, one hundred forty-six, eight hundred eighty people releasing PEACE – releasing the Light into the conflict.

You are of course able to send to more than one person at a time – your home group etc. . .

**Remember it isn't a program – it is a heart position and release
PEACE – NOTHING MISSING NOTHING BROKEN**
